WHICH HALOFOG SUITS BEST

OUR OPTIONS FEATURED

EXTRA OPTIONS

Suction lance with empty sensor and almost empty sensor

Door sensor

Door lock

Sound alarm

Full color touch screen*

Ethernet connection for remote support **

4G Simcard for remote support **

Operation on phone/tablet (wifi) **

* These options are only possible if a full-colour touch screen is also chosen.

** FIXED INSTALLATION

Your quoted system is equipped with:

- A controlpanel, mounted on large plastic board with pumps and tubes
- Nozzle sets
- Airpressure regulator sets
- Air tubes and connectors
- Liquid tubes (with tube clamps to connect tubes to nozzles)
- Enough air- and liquid-tubes will be supplied
(If you are in doubt please let us know, we check your requested installation layout and we will make sure you have enough tubing.)

Other info:

Various cables with 230Volt plugs are available. Also various air connectors are available. Depending on the type of fogger, the accessories may be different. Upon request other cables and connectors can be installed.

Not included: Mounting and installation material, such as bolts, screws, pvc tubes or cable trays.
